Why Glasscoat™

GlassCoat™ provides coverage to your paint and interior that you do not get from the manufacturer.

Things like acid rain, tree sap, bird waste, decaying insects, hard water, ice melting agents, spray paint and UV damage from the sun are specifically excluded by the manufacturer's warranty. As well as permanent staining to your interior.

The best way to show how and why GlassCoat™ is important to you is to see the language in your Warranty Booklet and Owners Manual.

Ask your Dealer for a copy of those books. Look under the "what is not covered" section of the warranty Booklet, and look under "appearance care" in the Owners Manual for complete details.

Simoniz® Glasscoat™

WILL PROTECT YOUR CAR OR TRUCK'S GREAT LOOKS

How Does Glasscoat™ Protect My Vehicle's Paint?

Unlike traditional waxes and sealants that temporarily "cover the surface", Glasscoat™ chemically reacts with hydrogen and oxygen on the surface of the clearcoat. The end result is an extremely tough and durable ceramic film which protects your vehicles' paint.

How About The Interior of My Car?

Simoniz® utilizes Teflon® Surface Protector's to the interior seats, floor mats and carpeting of your vehicle. This process protects your interior from stains from any consumable food product plus lipstick, make-up, vomit, crayons, urine, pet waste and blood.

Simoniz™ Keeps Money In Your Pocket!

Whether you are buying or leasing a new or used vehicle, keeping it looking new helps to maintain it's resale value. A high resale value means more money for your vehicle when you're ready to sell or trade in.

Warranty Rental Car Coverage & Zero Deductible For Repairs

We provide you with a rental car if your vehicle needs to be repaired for up to 10 days at \$50 dollars per day!
